RESEARCH INTERESTS

I am passionate about investigating how Information Technology (IT) can be leveraged to empower individuals, organizations, and society by connecting data and decision-making. My research interests lie in the design and analysis of IT artifacts that can achieve this goal, specifically in the areas of (a) design and analysis of online platforms and (b) machine learning and its applications in decision-making.

EDUCATION

The University of Texas at Dallas (UT Dallas)	Richardson, Texas, U.S.
Ph.D. Candidate of Management Science	Aug. 2019 - Aug. 2025
Concentration: Information Systems	
Shanghai University of Finance and Economics (SUFU)	Shanghai, P.R.C.
Bachelor of Management	Jul. 2015 - Jul. 2019
Concentration: Information Management and Information Systems
